## **Residents Rate SummerWood Services Superior!**

Hoffman SummerWood Community has just completed their annual Resident Satisfaction Survey and they are pleased with the results. SummerWood residents continue to applaud the services provided, which range from dining, housekeeping, transportation, maintenance, activities and customer service. The results showed approval ratings between 95% and 100% in 33 of the 36 areas surveyed, and 100% stated they would recommend SummerWood to others. They are delighted to report that the claims of "Superior Service" have once again been substantiated!
